Highlights

Express and store in one easy step

VIA is a versatile, space saving storage system designed to grow with your baby. It allows you to use the same cup to express, store and feed breast milk to your baby.

Soft massage cushions

Patented massage cushions of the Philips Avent breast pump flex in and out, replicating baby's suckling action and is intended to help stimulate a fast natural let down.

Leak-proof twist-on system

For safe storage and transport

Adaptor to express and feed

Use the adaptor to express and feed with the same cup.

Clinically proven

Clinically proven to express more milk than a hospital grade double electric pump*.

Patented Let-down Massage Cushion

Five, soft petal massagers of the Philips Avent breast pump gently flex in and out as you pump and work with the vacuum to imitate your baby's suckling.
