PHILIPS
AVENT

Highlights

Orthodontic teat

Philips Avent flat, drop-shaped symmetrical teats respect the natural development of your baby's palate, teeth and gums, even if the soother ends up upside down in the mouth.

User-friendly silicone teats

The Philips Avent silicone teat is taste-free and odour-free so it's more likely to be accepted by your

baby. The silicone is smooth, transparent, easy to clean, and it doesn't get sticky. The teat is strong, long-lasting, and won't become misshapen or discoloured over time.

Snap-on protective cap

To keep sterilised teats hygienic

Security ring handle

For easy removal of the Philips Avent soother at any time
