PHILIPS
AVENT

Highlights

Effective sterilisation

Based on the hospital principle, the intense heat of the steam destroys harmful bacteria.

iQ — Responding intelligently to meet your needs

Philips AVENT iQ products, with advanced technology, are intelligent and responsive – designed to make feeding and caring for your baby easier.

Sterile contents day and night

Keeps contents sterile by continuously repeating this cycle for 24 hours. The pause feature lets you remove items without interrupting this cycle.

Digital display keeps you informed

Advanced digital display and sound alerts keep you informed throughout the sterilisation cycle.

Sterilises 6 bottles in only 6 minutes

Holds up to six 260 ml/9 oz AVENT bottles or two Philips AVENT Breast Pumps and accessories. Sterilises in 6 minutes and contents remain sterile for up to 6 hours if unopened.

Remove items any time

Remove items any time
