## Sip, no drip

The Philips Avent soft spouts are designed for delicate gums and are the ideal first step from breast or bottle to a drinking cup. They include patent pending leak proof valve which makes replacement easy for the Sip, no drip spout cups.

#### **Non-spill**

- Leak free! Moms confirm

#### **Ideal first step to a drinking cup**

- Angled spout mitigates head tilting

#### **Other benefits**

- This cup is made from BPA free material

#### **Convenient for you and your baby**

- Compatible with Philips Avent bottles and cups
- All parts are dishwasher safe for convenience

# Highlights

## Cup is dishwasher safe

All parts are dishwasher safe for convenience

## Angled spout

The angled spout is designed to help toddlers take their first sips easily without tilting their head back too much.

## BPA Free

This Philips Avent cup is made from BPA free material.

## Leak free! Moms confirm

No more mess! The new patent pending valve ensures that water comes out only when the child is drinking from the spout.

## Philips Avent compatibility

All Philips Avent bottles and cups are compatible excluding the glass bottles and the Grown-up cups/My First Big Kid Cups. So you can mix and match to create the perfect cup, suiting your toddler's individual development needs.
