

Philips Avent Airflex
Classic baby bottle

1 Bottle

11 oz/330 ml
Variable flow nipple

SCF646/17

For healthy, active feeding

Clinically proven to reduce colic*

The Philips Avent Airflex feeding bottle uses the unique Avent Airflex teat, which promotes healthy, active feeding and works with baby's natural feeding rhythm. The Airflex teat makes it easier for baby to switch between breast and bottle.

Benefits and features:

- Clinically proven to reduce colic*
- Easy to combine breast and bottle feeding
- Built-in valve
- Variable flow teat for thicker feeds

Highlights

For thicker feeds

3m+

The variable flow teat has a slot cut into it which provides an adjustable the flow rate. The flow rate can be varied by simply turning the bottle to align the I, II or III markings on the teat with the baby's nose

Combine breast and bottle

The wide breast-shaped teat promotes natural latch on similar to the breast, making it easy for your baby to combine breast and bottle feeding

Built-in valve

The Avent Airflex Feeding Bottle uses an Airflex valve which works with a baby's natural feeding action.

Clinically proven to reduce colic*

Duration of reported colic per 24 hours at 2 weeks

A clinical trial demonstrated that at 2 weeks of age, babies fed with the Avent Bottle experienced less colic than babies fed with a conventional bottle. (www.philips.com/Avent).
