pump set

Out & About Set

SCF300/13

Express more. Quickly.

Enhanced efficiency from a manual breast pump

The unique Philips Avent BPA-Free Manual Breast Pump SCF300/13 assures you enhanced efficiency, being clinically proven to express more milk than a hospital-grade double electric breast pump*.

Benefits and features:

- With insulated travel bag and cool packs

Helps you breastfeed longer

- More milk, naturally

Clinically proven effective

- Patented Let-down Massage Cushion

Stimulate and express

- Soft massage cushions trigger natural let-down, like baby
- Gentle vacuum mimics baby's suckling for steady milk flow

Flexible and portable

- Easy to assemble and use

Highlights

Patented Let-down Massage Cushion

The five soft petal massagers of the Philips Avent breast pump gently flex in and out as you pump and work with the vacuum to imitate your baby's suckling.

With insulated travel bag and cool packs

Everything you need to maintain your milk supply and to express and store your breast milk when away from your baby.

Gentle-draw vacuum

The gentle-draw vacuum mimics baby's suckling to create a steady milk flow that requires less pumping.

Soft massage cushions

The patented massage cushions of the Philips Avent breast pump flex in and out, replicating baby's suckling action and are intended to help stimulate a fast natural let down.

Easy to assemble and use

Quiet and portable.

More milk, naturally

Expression allows breast milk to be available, even when you can't be there

Specifications

Country of origin

England
