# Specifications

## Easy to use

- Adjustability: 0-40 degrees (backwards)
- On/off switch
- Soft-touch handgrip: for easy transport and positioning

## Technical specifications

- Battery: LR-54-Alkaline, 1.5 V (lifetime 200 actions)

## Safety

- IEC certified: Complies to IEC 60601 and 60335

## Effective pain relief

- Deep penetrating warmth

## Zone treatment

- Treatment area: 40 x 30 cm
- Infrared halogen lamp: 300 W

## Treatment control

- Digital timer: with auditative feedback

## Technical specifications

- Voltage: 230 V

- Cord length: 200 m
- Power: 300 W
- Frequency: 50/60 Hz
- Insulation: Class II (double isolation)
- Lifetime of lamps: 500 hour(s)

## Weight and dimensions

- Product weight: 1.4 kg
- Product dimensions: 20 x 30.9 x 17.2 (WxHxD) cm
- A-box dimensions: 29 x 40.4 x 74.5 (WxHxD) cm
- F-box weight: 1.8 kg
- A-box weight: 5.4 kg
- Qnt. on Euro pallet: 60 pcs
- No. of F-boxes in A-box: 3 pcs
- F-box dimensions: 28 x 38.6 x 24.5 (WxHxD) cm

## Logistic data

- CTV code: 884363101000
- Country of origin: Germany

## Medical appliance

- Medical Device Directive: 2007/47/EC, MDD 93/42/EEC

# Highlights

## Deep penetrating Infrared warmth

Infrared light has been proven to effectively relieve aches and pains caused by muscular pains and stiff joints. The comfortable warmth created by infrared light penetrates deep into your skin, stimulates blood circulation and warms your muscles. As your muscles are soothed, they automatically loosen up and relax. Because it makes the tissue more pliable, warmth also reduces stiffness and makes joints more flexible.
