DECT Baby Monitor

SCD498/00

Guaranteed zero interference

With DECT digital technology

This digital technology provides a secure, private connection, because you want to be the only one listening to your baby. Automatically chooses an unused channel and switches if it detects another device using the same channel.

Complete peace of mind

- Indicates a continuous connection between the two units
- Uses lights to indicate if the baby makes a noise
- Guarantees zero interference from any other device

Ultimate mobility in and around the house

- Belt clip and neck cord for hands-free convenience
- Small, mobile parent unit to freely roam around the house
- Rechargeable parent unit for minimum 24 hours of monitoring
- 300-m range ensures secure reception in and around the house
- Travel pouch for easy storage

Soothing sights and words

- Allows you to talk to the baby
- Comforts the baby in the dark with soothing stars

Highlights

Guaranteed zero interference

Guarantees zero interference from any other device (other baby monitors, cordless phones and mobile phones). Provides a secure and private connection using data encryption. You will be the only one who can hear your baby and you will only hear your own baby.

Digital signal confirmation

Indicates a continuous connection between the baby and the parent unit with visible and audible link indicators.

Sound level lights

Uses lights to indicate if the baby makes a noise, even with volume off.

Travel pouch

Travel pouch for easy storage while travelling.

Belt clip and neck cord

The belt clip and neck cord provide hands-free convenience and mobility: clip the parent unit to your belt or wear it around your neck.

Rechargeable parent unit

The rechargeable parent unit gives you a minimum of 24 hours of cordless monitoring with a range of up to 300 m (900 feet).

Small, mobile parent unit

Allows you to freely roam around the house due to the small size, but still hear when your baby needs you.

With a range of up to 300 m

With a range of up to 300 m you are assured of a secure reception in and around the house.

Starry night-light

Nightlight with soothing stars to comfort your baby.

Parent talkback

Allows you to hear the baby and talk to the baby.
