# Highlights

## Guaranteed zero interference

Guarantees zero interference from any other device (other baby monitors, cordless phones and cell phones). Provides a secure and private connection using data encryption. You will be the only one who can hear your baby and you only hear your own baby.

## Digital signal confirmation

Indicates a continuous connection between the baby and the parent unit with visible and audible link indicators.

## Sound level lights

Uses lights to indicate if the baby makes noise, even with volume off.

## Travel pouch

Travel pouch for easy storage while traveling.

## Belt clip and neck cord

The belt clip and neck cord provide hands-free convenience and mobility: clip the parent unit to your belt or wear it around your neck.

## Rechargeable parent unit

The rechargeable parent unit gives you a minimum of 24 hours of cordless monitoring with a range of up to 300 m (900 feet).

## Small, mobile parent unit

Allows you to freely roam around the house due to the small size, but still hear when your baby needs you.

## With a range up to 300 m

With a range up to 300 m you are ensured a secure reception in and around the house.

## Starry night-light

Nightlight with soothing stars to comfort your baby.

## Parent talkback

Provides the ability to allow you to hear the baby and talk to the baby.
