PHILIPS  
AVENT

# Highlights

## Orthodontic nipple

Philips Avent flat, drop-shaped symmetrical nipples respect the natural development of your baby's palate, teeth and gums, even if the pacifier ends upside-down in the mouth.

## User-friendly silicone nipples

The Philips Avent silicone nipple is taste and odor-free so it's more likely to be accepted by your baby. The silicone is smooth, transparent, easy to clean and it doesn't get sticky. The nipple is strong, long-lasting and won't become mis-shapen or discolored over time.

## Snap-on protective cap

To keep sterilized nipples hygienic

## Security ring handle

For easy removal of the Philips Avent pacifier at any time

## Acceptance proven

9 out of 10 babies accept the Philips Avent pacifier (tested online with 100 mums, UK 2012).
