PHILIPS
AVENT

Highlights

Guaranteed zero interference

DECT technology guarantees zero interference from any other transmitting product like other baby monitors, cordless phones and cell phones. Data encryption provides a secure and private connection, so you can be sure that you are the only one that can hear your baby

Reassuring crystal clear sound

Hear every tiny giggle, gurgle and hic-up with perfect clarity. DECT technology provides high quality, crystal clear sound so you can hear your baby anytime

Superior operating time

The small, rechargeable parent unit will give you the freedom of cordless roaming for up to 24 hours before re-charging is required

Adjustable sound sensitivity

Enables you to adjust the sound and volume levels, so you can hear every giggle, gurgle and hic-up

Extended operating range

With a range of 330m you can be fully mobile in and around the home

Out of range/low power signals

The parent unit of the Philips Avent baby monitor will alert when the power is low, or if you are out of range

Two way communication

Sometimes all your baby needs is the soothing sound of your voice. With one click of this essential feature you can connect with your baby from anywhere around the home

Soothing night-light

Soft glow comforts baby if it wakes

LEDs light to signal noise

Lights are activated to indicate the level of sound in your baby's room, even if the volume is off
