PHILIPS
AVENT

Highlights

iQ- Responding intelligently to meet your needs

Philips Avent iQ products with advanced technology are intelligent and responsive – designed to make feeding and caring for your baby easier.

Sterile contents day and night

Keeps contents sterile by continuously repeating this cycle for 24 hours. The pause feature lets you remove items without interrupting this cycle.

Digital display keeps you informed

Advanced digital display and sound alerts keep you informed throughout the sterilization cycle.

Remove items any time

Remove items any time

Sterilizes 6 bottles in only 6 minutes

Holds up to six 260 ml / 9 oz Avent Bottles or two Philips Avent Breast Pumps and accessories. Sterilizes in 6 minutes and contents remain sterile for up to 6 hours if unopened.

Effective sterilization

Based on the hospital principle, the intensive heat of the steam eliminates harmful bacteria.
