Good feeding, good sleeping

Helps settle your baby, especially at night**

Fussing is by far the most commonly known crying behavior in babies. The Philips Avent Advanced Classic feeding bottle significantly reduces colic*** and fussing. Fussing is reduced especially at night.**

0% BPA (Bisphenol A Free)

- This bottle is made from PES – a BPA-Free material

Easy to clean

- Only three components for ease of cleaning

Reduce fussing and discomfort

- Clinically proven to significantly reduce fussing

Highly durable

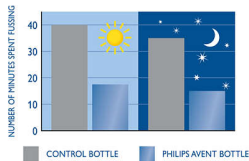

- Honey-colored BPA-Free PES material for extra durability

To fit your baby's growing needs

- Five different nipple flow rates are available

Highlights

Significantly reduces fussing

Sleep and nutrition are vital to your baby's health and happiness. A randomised clinical trial was carried out to see whether infant baby bottle design affects "infant behavior". The Philips Avent Classic baby bottle was shown to significantly reduce fussing by approximately 28 minutes a day as compared to the comparator bottle (46 min vs 74 min, $p=0.05$). This was especially true during the night-time.**

Unique anti-colic valve

As your baby feeds, the unique skirt on the Avent Nipple flexes to allow air into the bottle instead of your baby's tummy. Like breastfeeding, your baby controls the milk flow.

Fits your baby's growing needs

Five different nipple flow rates are available.

0% BPA (Bisphenol A Free)

This bottle is made from PES – a BPA-Free material

Easy to clean

The Philips Avent feeding bottle consists of only three components for ease of cleaning and has a dormal cap for hygienic storage and transportation. In a randomised clinical trial the design of the Philips Avent bottle was compared with another leading brand over a 12 month period. The maternal satisfaction in terms of ease of cleaning ($p=0.04$) and ease of assembly ($p=0.02$) was significantly better in the Philips Avent bottle.

Honey-colored PES material

This BPA-Free bottle (0% Bisphenol A) is made of honey-colored PES material for extra durability
