

Philips  
Analogue baby monitor

SCD463/79

## Digital signal confirmation

Enjoy total reliability due to the digital signal confirmation, which enables a continuous connection between the baby and the parent unit with visible and audible link indicators.

### **Convenience for you and your child**

- Adjust sensitivity of baby unit to suit any situation

### **Complete peace of mind**

- Lights up when batteries need recharging or replacing
- Adjust the volume of the parent unit to suit any situation
- Indicates a continuous connection between the two units
- Minimum interference from other monitors

### **Ultimate mobility in and around the house**

- Ensures secure reception in and around the house

**PHILIPS**
