Highlights

Sterilise and dry in 40 mins

It takes just 40 minutes to get bottles ready for your baby's next feed. After powerful steam-sterilising, a focused jet of filtered air dries bottles and accessories, making them ready for instant use.

Sterilise, dry and store

Our premium electric steriliser does more than clean bottles and kill germs – it dries and stores bottles and accessories, keeping them sterile for up to 24 hours.
