

# Easy to combine with breastfeeding

# Natural latch on

Our soft and anti-collapse ribbed teat is designed for growing babies. The comfort petals and natural teat shape allows natural latch on and makes it easy to combine breast and bottle feeding.

### Easy to combine breast and bottle feeding

- Natural latch on due to the wide breast shaped teat
- Soft and smooth silicone for your baby's changing needs

#### Vents air away from your baby's tummy

• Anti-colic valve designed to reduce colic and discomfort

#### Other benefits

• Teats with different flow rates available

### A comfortable and contented feed for your baby

• Flexible, anti-collapse ribbed teat design

# Natural teat

# Highlights

# Natural latch on

The wide breast shaped teat promotes a natural latch on similar to the breast, making it easy for your baby to combine breast and bottle feeding.

#### Soft and smooth silicone

Bite resistant and smooth teat designed for growing baby's changing needs.

# Flexible, anti-collapse design

Petals and ridges inside the teat allow flexibility without collapse, for an uninterrupted feed.

#### Anti-colic valve

Anti-colic valve designed to keep air away from your baby's tummy, to help reduce colic and discomfort.

# Choosing the right teat

The Philips Avent Natural range offers different teat softness and increasing flow rates for every development stage of your baby

SCF045/27
