• Sterilize in 3 minutes for convenient sterilization

Comfortable soft & silky nipple

- Nipple made of 100% food-grade silicone
- Natural oral development
- Natural feel for baby

Quality assured

• Designed and produced in the Netherlands

Highlights

Soft, flexible shield

Baby's skin needs extra care. Our shield technology lets this soother follow the natural curves of your baby's face. Your little one will experience fewer skinmarks and less irritation on its cheeks.

Rounded shield

Our rounded shield minimizes pressure on baby's cheeks for extra gentleness to the skin.

Nipple made of 100% silicone

We choose consciously for silicone material for our ultra soft and ultra air nipples, since its a safe and inert material, widely used in medical applications, free of hazardous chemicals, endocrine active substances (e.g. BPA) and allergens.

Orthodontic nipple

Our orthodontic, symmetrical soft silicone nipples are designed for natural oral development.

Natural feel for baby

Our textured silicone nipple is designed to mimic the feel of mom's breast.

Sterilize in 3 minutes

The travel case that comes with our ultra soft and ultra air pacifiers doubles as a sterilizer. All you need to do is add some water and pop it in the microwave. Then rest easy that it's clean for the next use.

Produced in the Netherlands

Our ultra soft and ultra air pacifiers are designed and produced in the Netherlands.
