Snap-top lid keeps spout clean on the go

Sippy cup with soft spout for easy drinking

This BPA-free cup features a snap-top lid for hygienic drinking and leak-free transport. The leak-proof technology in the soft silicone spout means liquid only comes out when pressure is applied to it, ensuring mess-free drinking.

Easy to clean

- One piece silicone spout for easy assembly

Other benefits

- This sippy cup is made from BPA free material
- Compatible with Philips Avent bottles and cups

Easy to drink

- Soft silicone spout for easy drinking
- Slim shape for steady grip

Leak-proof technology

- Built in valve for spill free drinking
- Snap-top lid keeps spout clean

Highlights

BPA free

This sippy cup is made from BPA free material

Leak-proof technology

The silicone spout features a valve which blocks liquid from flowing out, unless the spout is being activated.

Slim shape

Slim container shape for steady grip and easy storage

Snap-top lid

Snap-top lid keeps spout clean and ensures no leaking, especially while on the go.

Easy drinking

The one-piece silicone spout is easy to drink from: liquid starts flowing when pressure is applied to the spout.

One piece spout

The valve is built into the spout, ensuring assembly is fast and hassle free.

Philips Avent compatibility

All Philips Avent bottles and cups are compatible excluding the glass bottles and the My First Big Kid Cups. So you can mix and match to create the perfect cup, suiting your toddler's individual development needs.
