- Nipple made of 100% food-grade silicone
- Natural oral development
- Natural feel for baby

Quality assured

- Designed and produced in the Netherlands

Highlights

Lets baby's skin breathe

Extra-large airholes ventilate your baby's skin keeping it dryer while soothing.

Extra-firm nipple

Extra-firm nipple respects the natural shape of the palate, teeth and gums.

Nipple made of 100% silicone

We choose consciously for silicone material for our ultra soft and ultra air nipples, since it's a safe and inert material, widely used in medical

applications, free of hazardous chemicals, endocrine active substances (e.g. BPA) and allergens.

Orthodontic nipple

Our orthodontic, symmetrical soft silicone nipples are designed for natural oral development.

Natural feel for baby

Our textured silicone nipple is designed to mimic the feel of mom's breast.

Sterilize in 3 minutes

The travel case that comes with our ultra soft and ultra air pacifiers doubles as a sterilizer. All you need to do is add some water and pop it in the microwave. Then rest easy that it's clean for the next use.

Produced in the Netherlands

Our ultra soft and ultra air pacifiers are designed and produced in the Netherlands.
