Ideal for Gentle Drinkers

Ideal for gentle drinkers

Includes a First flow nipple. The small container helps ensure the appropriate amount for baby's smaller tummy. The bottles are designed to reduce colic and discomfort by venting air away from baby's tummy. Works with Natural line nipples.

Other benefits

- Simple to use and clean with the wide neck
- Designed to reduce colic
- Flexible spiral design combined with comfort petals
- Soft nipple designed to mimic the feel of the breast
- Natural latch on due to wide breast shaped nipple

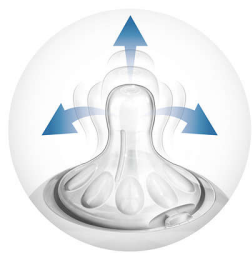

Highlights

Anti-colic valve

The nipple is designed to reduce feeding issues by venting air away from your baby's tummy.

Flexible spiral design

Our flexible spiral design combined with the comfort petals allow for a natural movement while baby feeds.

Ultra soft nipple

The nipple has an ultra soft texture, designed to mimic the feel of the breast.

Natural latch on

The wide breast-shaped nipple promotes a natural latch on similar to the breast, making it easy for your baby to combine breast and bottle feeding.

Simple to use and clean

Assembly is simple with only a few parts and the wide bottle neck makes filling and cleaning easy.
