Easy to combine with breastfeeding

Natural latch on

Our soft and anti-collapse ribbed teat is designed for growing babies. The comfort petals and natural teat shape allows natural latch-on and makes it easy to combine breast and bottle feeding.

Easy to combine breast and bottle feeding

- Natural latch-on due to the wide breast shaped teat
- Soft and smooth silicone for your baby's changing needs

Vents air away from your baby's tummy

- Anti-colic valve designed to reduce colic and discomfort

Other benefits

- Teats with different flow rates available

A comfortable and contented feed for your baby

- Flexible, anti-collapse ribbed teat design

Highlights

Natural latch on

The wide breast shaped teat promotes a natural latch-on similar to the breast, making it easy for your baby to combine breast and bottle feeding.

Soft and smooth silicone

Bite resistant and smooth teat designed for your growing baby's changing needs.

Flexible, anti-collapse design

Petals and ridges inside the teat allow flexibility without collapse, for an uninterrupted feed.

Anti-colic valve

Anti-colic valve designed to keep air away from your baby's tummy, to help reduce colic and discomfort.

Choosing the right teat

The Philips Avent Natural range offers different teat softness and increasing flow rates for each of your baby's development stages.
