The most natural way to bottle feed

Natural latch on

Our new bottle with the skin soft nipple material and flexible spiral design, more closely resembles the breast. The comfort petals and natural nipple shape allows natural latch on and makes it easy to combine breast and bottle feeding.

Easy to combine breast and bottle feeding

- Natural latch on due to the wide breast shaped nipple
- Skin-soft teat designed for a natural feed
- Flexible spiral design combined with comfort petals

Vents air away from your baby's tummy

- Unique anti-colic valve technology

Other benefits

- Designed for your baby's changing needs
- Compatible with the Philips Avent Natural range
- This bottle is BPA free*
- Simple to use and clean, quick and easy assembly
- Ergonomic shape for maximum comfort

Pure and safe

- Heat resistance
- Pharmaceutical grade glass

Highlights

Heat resistance

The Natural glass bottle is heat and thermal shock resistant. It can therefore be safely stored in the fridge, warmed, and is also suitable for sterilization.

Pharmaceutical grade glass

Premium quality borosilicate glass to ensure the highest quality for ultimate purity.

Natural latch on

The wide breast shaped nipple promotes a natural latch on similar to the breast. Designed to give a more comfortable and contented feed for your baby.

Skin-soft teat

The skin-soft nipple material closely resembles the feeling of the breast, making it easy for your baby to combine breast and bottle feeding.

Flexible spiral teat design

The spiral design combined with our comfort petals inside the nipple increases softness and the flexibility allowing natural tongue movement without nipple collapse. Designed to give your baby a more comfortable and content feeding.

Anti-colic valve technology

Reduces fussing and discomfort by venting air out of the bottle and not in baby's tummy.

Baby's changing needs

The Philips Avent Natural bottle is available in 4 sizes and 7 different nipples for every development stage of your baby. With different nipple softness, flexibility and design and with increasing flow rates and bottle sizes that keep up with your baby's growth and development.

Ergonomic shape

Due to the unique shape, the bottle is easy to hold and grip in any direction for maximum comfort, even for baby's tiny hands.

Compatibility across the range

The new Philips Avent Natural bottle is compatible with the Philips Avent range, excluding Classic bottles and cup handles. We advise to use the Natural bottles with Natural feeding nipples only.

This bottle is BPA free*

The Philips Avent Natural bottle is made of BPA free* material (polypropylene).

Simple to use and clean

Wide bottle neck makes filling and cleaning easy. Only a few parts for quick and simple assembly.
