## The most natural way to bottle feed

### Natural latch on

Our Natural bottle with an ultra soft nipple more closely resembles the breast. The wide breast-shaped nipple with flexible spiral design and comfort petals allows natural latch on and makes it easy to combine breast and bottle feeding.

#### **Easy to combine breast and bottle feeding**

- Soft nipple designed to mimic the feel of the breast
- Natural latch on due to the wide breast shaped nipple

#### **Other benefits**

- Simple to use and clean, quick and easy assembly
- Nipples with different flow rates available

#### **A comfortable and contented feed for your baby**

- Flexible spiral design combined with comfort petals
- Unique anti-colic valve technology

#### **Ideal for newborns and premies**

- Smaller 2oz/60ml bottle designed for newborn feedings
- Slower flow nipple

# Highlights

## 2oz/60ml bottle container

A smaller size bottle to help ensure the appropriate amount for baby's smaller tummy.

## Slower flow nipple

A smaller hole size delivers a more controlled flow rate for slower drinking babies.

## Natural latch on

The wide breast shaped nipple promotes a natural latch on similar to the breast, making it easy for your baby to combine breast and bottle feeding.

## Ultra soft nipple

The nipple has an ultra soft texture, designed to mimic the feel of the breast.

## Flexible spiral design

Flexible spiral design, combined with our unique comfort petals to create a flexible nipple, allowing for a more natural feed without nipple collapse.

## Anti-colic valve technology

Our unique anti-colic valve technology was designed to reduce colic and discomfort, by venting air away from your baby's tummy.

## Choosing the right nipple

The Philips Avent Natural range offers different nipple softness and increasing flow rates for every development stage of your baby.

## Simple to use and clean

Wide bottle neck makes filling and cleaning easy. Only a few parts for quick and simple assembly.

# Specifications
