

# The natural way to bottle feed

### Avent nipple with petal design

Our new nipple helps to make bottle feeding more natural for your baby and you. The nipple features an innovative petal design for natural latch on similar to the breast, making it easy for your baby to combine breast and bottle feeding.

#### 0% BPA (Bisphenol A Free)

• BPA free nipple

#### Easy to combine breast and bottle feeding

• Natural latch on due to the wide breast shaped nipple

#### A more comfortable and contented feed for baby

• Unique Petals for a soft, flexible nipple without collapse

#### Vents air away from your baby's tummy

• Advanced anti-colic system with innovative twin valve

#### **Other benefits**

- Different flow rates for the most comfortable feed
- Compatible with Philips Avent Natural feeding bottle

#### Natural nipple

# Highlights

#### Natural latch on

The wide breast shaped nipple promotes natural latch on similar to the breast, making it easy for your baby to combine breast and bottle feeding.

#### Unique comfort petals

Petals inside the nipple increase softness and flexibility without nipple collapse. Your baby will enjoy a more comfortable and contented feed.

#### Advanced anti-colic valve

Innovative twin valve designed to reduce colic and discomfort by venting air into the bottle and not baby's tummy.

#### **BPA free**

This nipple is made from silicone - a BPAfree material (Following EU directive 2011/8/EU)

#### **Different flow rates**

Philips Avent offers four different flow rates to keep up with your baby's growth. Remember that age indications are approximate as babies develop at different rates. Philips Avent offers the newborn flow nipple with 1 hole (OM+), the slow flow nipple with 2 holes (1M+), the medium flow nipple with 3 holes (3M+) and the fast flow nipple with 4 holes (6M+). All nipples are available in twin packs.

#### **Compatible with Natural bottle**

We advise to use the Natural feeding nipples with Natural bottles only.

SCF652/27
