## Easy to combine with breastfeeding

### Natural latch on

Our soft and anti-collapse ribbed teat is designed for growing babies. The comfort petals and natural teat shape allows natural latch on and makes it easy to combine breast and bottle feeding.

#### Easy to combine breast and bottle feeding

- Natural latch on due to the wide breast shaped teat
- Soft and smooth silicone for your baby's changing needs

#### Vents air away from your baby's tummy

- Anti-colic valve designed to reduce colic and discomfort

#### Other benefits

- Teats with different flow rates available

#### A comfortable and contented feed for your baby

- Flexible, anti-collapse ribbed teat design

# Highlights

# Specifications

## Natural latch on

The wide breast shaped teat promotes a natural latch on similar to the breast, making it easy for your baby to combine breast and bottle feeding.

## Soft and smooth silicone

Bite resistant and smooth teat designed for growing baby's changing needs.

## Flexible, anti-collapse design

Petals and ridges inside the teat allow flexibility without collapse, for an uninterrupted feed.

## Anti-colic valve

Anti-colic valve designed to keep air away from your baby's tummy, to help reduce colic and discomfort.

## Choosing the right teat

The Philips Avent Natural range offers different teat softness and increasing flow rates for every development stage of your baby.
