Save space and effort

Ultra-compact vertical design

Save space, effort and time with the vertical-design food processor from Philips. It's extremely powerful and superbly multi-functional so you can finish any preparation task in seconds!

Powerful precision

- 500 Watt motor to handle large quantities and heavy kneading
- Easily performs 15+ functions
- 2 speeds and pulse

Easy storage

- All accessories fit in the bowl for compact storage
- Vertical design takes up to 35% less kitchen space

Highlights

MicroStore

Microstore allows you to store all your accessories inside the bowl for easy and compact storage.

Vertical design

The special vertical design has a 35% smaller footprint versus side-by-side food processors. This saves valuable worktop space and means that even the smallest kitchens can now have a food processor.

15+ functions

The Food Processor comes with 5 different accessories that enable it to perform 15+ different functions. The – dishwasher safe – accessories are a kneading tool for mixing batter and for heavy kneading. A stainless steel chopping knife to prepare meat and vegetables. Metal disk inserts to handle medium shredding and granulating. And an emulsifying disk to prepare food like whipped cream and mayonnaise.

500 W motor + 2 speeds + pulse

With the 500W motor plus 2 speed settings and pulse button you can pick the right speed for optimal results
