Faster*, Easier and Smarter

More effective calc clean with calc container

The Philips steam iron Azur Performer Plus combines powerful performance with ease of use. The built-in calc container delivers effective calc removal for long-lasting steam performance, auto steam control and T-ionicGlide soleplate .

Fast and powerful performance

- 2600 W for quick heat-up and powerful performance
- Steam output of up to 50 g/min for better crease removal
- Steam boost up to 200g

Easy gliding on all fabrics

- T-ionicGlide: our best 5-star rated soleplate

Calc solution

- Built-In calc container collects calc during ironing
- Self-Clean for effective calc removal

Comfortable ironing

- Auto Steam Control for the right steam for each garment
- Optimal weight for easier manoeuvrability over your garments
- Triple precision tip for optimal control and visibility
- Electronic safety shut-off when iron is left unattended

Highlights

2600 W for quick heat-up

2600 W for quick heat-up and powerful performance.

Steam up to 50 g/min

Continuous steam output of up to 50 g/min gives you the perfect amount of steam to efficiently remove all creases.

T-ionicGlide soleplate

T-ionicGlide is our best gliding and scratch-resistant, 5-star rated soleplate with integrated Titanium-Oxide layer.

Built-In calc container

Our specially designed and built-in calc container collects calc particles during ironing. The Self Clean process flushes the calc out of the iron to maintain consistent ironing performance day after day.

Self-Clean

In addition to the built-in calc container, the self-clean function of your soleplate will remove the most stubborn calc. A clean soleplate will improve your steam performance and ironing results.

Auto Steam Control

Auto Steam Control takes away the worry of selecting the amount of steam you need. Just select the temperature for the garments you're ironing and off you go.

Triple Precision Tip

The pointed tip on the Philips Azur Performer is very precise in 3 ways: it has a pointed tip, a button groove and a sleek nose design. The Triple Precision tip enables you to reach into even the trickiest areas, e.g. around buttons or between pleats.

Optimal weight

The iron has an optimal weight for moving easily over any garment, making ironing less of a hassle and making it easy to move the iron constantly between the board and its heel rest.

Automatic safety shut-off

The electronic safety shut-off automatically switches the iron off when it is left unattended or tips over.

Specifications

Fast crease removal
