Bagless vacuum cleaner

7000 series

2100W

PowerCyclone 8

Allergy Lock

On board accessories

FC9732/61

Picks-up and locks 99,9% of fine dust* Thanks to exceptional suction and Allergy Lock

The Philips Bagless Vacuum 7000 Series features our highest ever suction power. Make supreme cleaning effortlessly simple with PowerCyclone 8 technology and TriActive+ nozzle featuring 3 optimized cleaning actions in one.

Superior performance

- Powerful 2100W motor for high suction power
- PowerCyclone 8 delivers extreme suction power for longer
- Allergy Lock traps dust inside for a high level of hygiene
- TriActive+ nozzle to deliver high performance on all floors
- Allergy H13 filter system captures >99.9% of fine dust

Effortless cleaning

- On board accessories: Conveniently stored, always at hand
- Digital power control function to adjust suction power
- Dust container designed for hygienic emptying with one hand
- Soft brush integrated into handle, always ready to use

Highlights

Powerful 2100W motor

2100W motor generates up to 470W of extreme suction power for powerful performance and superior cleaning results.

PowerCyclone 8 Technology

PowerCyclone 8 technology features a powerful, swirling action to maximize air flow and activate extreme suction power. Super accelerated air flow in the cylindrical chamber efficiently separates dust from the air at >185km/h, ensuring stronger suction power for longer, for superior cleaning results.

Allergy lock

Allergy Lock system uses a sensor to ensure dust container is fully sealed before operating, trapping dust and allergens inside for a clean and ultra hygienic environment.

TriActive+ nozzle

TriActive+ nozzle utilizes 3 cleaning actions in one go. It features a larger opening at the front to suck up larger debris while the specially designed soleplate removes dust from deep within carpets. Air channels and brushes on both sides of the nozzle pick up any dust and dirt alongside walls or furniture.

On board accessories

Onboard accessories are stored conveniently inside the back compartment so they're always easy to access when you need them.

Digital power control

Digital power control function easily adjusts suction power for different cleaning tasks, from hard floors to soft furnishings, with the touch of a button.

Hygienic dust disposal

Easy-to-empty dust container is designed for hygienic disposal with one hand to help minimize dust cloud.

Integrated brush

Dusting brush tool is built into the handle so it's always ready to use on furniture, flat surfaces and upholstery.

IF DESIGN AWARD 2018

IF award-winning products and projects, concepts and more, selected by the top names in design. For 65 years, the iF DESIGN AWARD has been recognized as an arbiter of quality for exceptional design. The iF label is renowned worldwide for outstanding design services, and the iF DESIGN AWARD is one of the most important design prizes in the world.

Specifications

Performance

Airflow (max): 39 l/s
Input power (IEC): 1800 W
Input power (max): 2100 W
Sound power level: <82 dB
Suction power (max): 470 W

Usability

Action radius: 10 m
Carrying handle: Top and front
Cord length: 7 m
Tube type: Metal 2-piece telescopic tube
Wheel type: Rubber
Tube coupling: ActiveLock
Power control: Electronic on appliance

Design

Color: Deep black

Filtration

Dust capacity: 2 L
Exhaust filter: Allergy H13 filter
Motor filter: Lifetime washable filter
Filtration level: HEPA13 level**

Nozzles and accessories

Accessories included: Crevice tool, Small nozzle, Integrated brush
Accessory storage: On board

Standard nozzle: TriActive+ nozzle

Extra accessories: Filter replacement:
FC6042/01

Sustainability

Packaging: > 90% recycled materials
Stand-by power consumption: < 0,5 W
User manual: 100% recycled paper

Weight and dimensions

Dimensions of product (LxWxH):
505x292x292 mm
Weight of product: 5.5 kg
