Fresh juice at your convenience

- XXL feeding tube (80mm)
- Powerful 1100W motor
- More silent

PHILIPS

Highlights

Easy to clean sieve

Thanks to the polished sieve it is very easy to clean up away leftovers with a kitchen sponge.

Powerful 1100W motor

Juice the toughest fruits and vegetables effortlessly with the strong 1100W motor.

XXL feeding tube

Save time and start juicing faster. You no longer need to cut up most fruit and vegetables to fit this juice machine. Just pop it all into the 80mm XXL feeding tube, and enjoy a boost of nutrition every day.

FiberBoost technology

FiberBoost technology enables you to choose the texture of juice you prefer, selecting with

the switch of a button from a refreshing clear juice to a more creamy juice with up to 50% more fiber. The unique combination of smartly controlled constant speeds with unique sieve design allows more or less fiber in your juice, so that everyone can enjoy their favorite.

More silent

The new motor has a lower noise and vibration which make the overall juicing experience more silent.

Pre-clean

Philips' unique pre-clean function allows you to quickly rinse clean your juicer between different juices or after juicing. By pouring water into the pusher, you can create a water fountain rinsing away unwanted leftovers.

Pulp in one place

Due to the round shape without nooks and crannies the leftovers is collected in the pulp container.

Dripstop

The integrated drip stop allows you to stop between juicer sessions keeping your counter top spotless. Activate the drip stop by simply turning the spout.
