Microfibre pads for optimal cleaning performance

- Replace every 6 months for optimal cleaning performance
- Microfibre pads to effectively remove all dirt and stains

4 washable and reusable microfibre pads

- Easy to attach and remove

Highlights

Replace every 6 months

Replace every 6 months to maintain your appliance's optimal cleaning performance.

Soft microfibre material

The soft microfibre material gently loosens, lifts and absorbs dust and dirt, removing dirt and stains effectively and thoroughly.

4 washable and reusable pads

The microfibre pads are machine-washable and easy to attach and remove.
