Detachable water tank

HI5910/20

## faster ironing

with extra steam

this steam generator makes your ironing experience faster and more convenient.

### **Faster ironing**

- Ceramic Soleplate
- Continuous steam up to 100 g/min

### **Convenient**

- 1.1-l detachable water tank
- Tap water-friendly, refill any time during ironing
- Intelligent calc clean reminder with sound and light

# Highlights

## Ceramic Soleplate

Our Easy Gliding soleplate for all ironable garments and high scratch resistance.

## Continuous steam

The more steam, the faster the ironing. The unique technology used in the Philips steam generator iron produces powerful steam, making ironing quicker, easier and better.

## detachable 1.1-l water tank

The water tank can be removed to be refilled easily under the tap. The large filling hole makes refilling fast. Thanks to the 1.1-l water tank capacity, you can iron for up to 2 hours continuously without any refills.

## Smart Calc Clean

Smart Calc Clean is an integrated descaling and cleaning function to protect your iron. To provide optimal steam performance, ensure a long life span and prevent white flakes, your steam generator iron will remind you to descale it. For maximum convenience, remember to always use the Smart Calc Clean container provided with your appliance.

## Refill with tap water any time

Your steam generator iron is designed to use tap water. While ironing, when the water tank runs out of water, you can easily refill it without having to wait or turn off your appliance.

# Specifications

## Fast crease removal

Continuous steam: up to 100 g/min  
Power: 2400 W  
Pressure: max 4-bar pump pressure  
Vertical steam  
Voltage: 220-240 V
