- Designed for all steam irons and steam generators

#### Easy to use

- Non-slip hand grip for comfortable use
- Cartridge changes colour to indicate replacement
- Ultra-fast filtration to demineralise water quickly
- Up to 3 months' ironing

# Highlights

## 99% calc-free water

Calcium deposits may clog your iron and accumulate rust, causing damage to your appliance. The special ion exchange resin inside the filter removes 99% of limescale from tap water, extending the life of your iron by up to 4 times\*.

## Prevents calcium residue

Your favourite garments will not be ruined by calcium residue from inside your iron. Garments will remain clean after ironing and you will look great with neatly ironed clothes.

## Ultra-fast filtration

The specially designed cartridge allows rapid filtering of ironing water, so you can iron straight away when you need it. You can place the IronCare filter next to the place where you are ironing so you can refill your iron without taking it to the sink every time it needs to be refilled.

## Consistent steam flow

The demineralised water from IronCare prevents scale build-up inside the iron. Calcium particles will not block the steam holes, helping your iron to provide consistent quality steam.

Colour changes gradually to indicate the amount of water treated over time. The cartridge only needs to be changed when it turns completely brown.

## Up to 3 months' ironing

Cartridge lifetime may vary depending on the water hardness in your area and your ironing frequency habits. On average, 1 cartridge will last for up to 3 months of ironing time.

## Easy water pouring

With the IronCare filter you can easily refill the water tank of your ironing appliance every time. The non-slip hand grips allow you to handle it more comfortably.

IronCare is designed to be suitable for all steam ironing appliances: steam irons, steam generators and garment steamers from Philips or any other ironing brand.

# Specifications

## Easy to use

Refill anytime during use

## Accessories included

IronCare cartridge: 1 pcs

## Green efficiency

Product packaging: 100% recyclable

User manual: 100% recycled paper

## Guarantee

2 year worldwide guarantee

## Replacement

IronCare cartridge: GC025

## Size and weight

Product dimensions (W x H x D): 22 x 8.5 x 19.5 cm
