SideStream nebulizer system

Together with the SideStream reusable nebulizer, InnoSpire Elegance provides consistently fast and efficient aerosol therapy.

Faster drug delivery

InnoSpire Essence is a compact and reliable compressor nebulizer system suitable for frequently nebulizing most commonly prescribed aerosol medications.

Versatility

Capable of nebulizing a wide variety of medications that are routinely used with nebulizers used to treat various respiratory conditions.

Treatment time

InnoSpire Essence, combined with our SideStream nebulizer, is designed to provide fast drug delivery and short treatment times.

Proven nebulizer technology

Reduced Treatment Times – Our SideStream nebulizer is specially designed to keep your treatment times as short as possible. As the InnoSpire Essence pushes air through the tube, additional air is drawn in through the top of the nebulizer to create a fast flow of aerosol medication for you to inhale. Treatments can take as little as 6 minutes*. Consistent delivery of high quality aerosol therapy – SideStream is designed to withstand frequent and repeated use and will continue to efficiently deliver your nebulizer medication until it is time for replacement.

Power and style all in one

InnoSpire Essence is designed to both fit your lifestyle and cope with frequent use. You can be confident that you will receive high quality aerosol for the life of the nebulizer.
