Highlights

PowerCyclone Technology

The PowerCyclone technology delivers thorough cleaning results in one go through highly efficient steps: 1) Air enters fast into the PowerCyclone thanks to the straight and smooth air inlet. 2) The curved airpass quickly accelerates the air in the cyclonic chamber to separate the dust from the air.

Powerful 18V Lithium

The powerful 18V Lithium-Ion batteries have longer-lasting power versus standard batteries. Li-Ion batteries are also very lightweight, giving you a more enjoyable cleaning experience.

Cordless operation

The rechargeable batteries for cordless operation gives you freedom to clean everywhere. Now the cable is not a barrier anymore and you can easily clean in different rooms with no hassle.

Self-standing parking position

The stick has a convenient parking position to stay upright, both with and without the handheld. Therefore, you can instantly park the stick anywhere you want, also while you are cleaning.
