# Highlights

## Filter to make maracuja juice

The filter is perfect to blend juices with small pits in it like watermelon and passion fruit juices. When using this filter the juice remains clear and delicious.

## Sophisticated design

A professional and very modern look which gives the modern touch you are looking for in your kitchen.

## Variable speed for any recipe

Variable speed setting so that you can select the speed you like for your recipe.

## 4 star detachable blade

Strong 4 star blade for a good blending performance. The knife is detachable from the jar to make it easy to clean.

## Extra citrus press accessory

This citrus press accessory is a very practical help. The blender turns into a professional citrus press with a lot of power to quickly squeeze fresh orange juice. The cone keeps on running which makes it even easier to squeeze large quantities of juice.

## 600 Watt

A strong motor with sufficient wattage to perform heavy tasks like cake mix for you.
