Highlights

Active stretching

The suction function within the steamer head actively stretches the garment for optimal results.

Less effort

The suction function within the steamer head keeps the garment close to the steamer head making it easier to handle.

Detachable hanging accessory

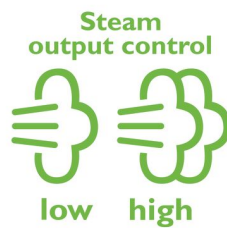

Easy to setup hanging accessory for hanging your garments while using the steamer. It is detachable for easy storage.

Better crease removal

The suction function within the steamer head brings the garment closer to the steam for enhanced steam penetration and better crease removal.

Steam output control

Set your preferred steam level so that you can customize the steam output for use on different kinds of garments.

with pleat making accessory

Perfect pleats made easy with pleat making accessory

Even for delicates like silks

The steamer is safe to use on all garments. It is a great solution for delicate fabrics like silks.
