## Easy and Effective

### 3 ways to make your ironing easier

This comfort steam iron makes your ironing easy and effective with lots of continuous steam and the non-stick soleplate soleplate makes your gliding easier. With comfort iron the ironing job is now made simpler.

#### Easy gliding on all fabrics

- Easy gliding on all ironable garments

#### Longer lifetime

- Calc clean slider to easily remove scale out of your iron

#### Easy to remove creases

- A fine spray evenly moistens the fabric
- Continuous steam up to 25g/min for good crease removal
- Power up to 2000 W enabling constant high steam output
- Steam boost up to 100 g for the most stubborn creases

#### Easy to start ironing

- Large water tank 220ml and convenient water filling
- Bigger temperature dial for easier temperature adjustment
- Triple precision tip for optimal control and visibility
- Drip-stop system keeps your garments spotless while ironing

# Highlights

## Spray

The spray function produces a fine mist that evenly moistens the fabric, making it easier to iron out creases.

## Non stick soleplate

The soleplate of your Philips iron is coated with a special non-stick layer for easy gliding performance on all ironable garments.

## Continuous steam up to 25g/min

Continuous steam up to 25g/min for good crease removal.

## Triple precision tip

The tip of this Philips iron is precise in 3 ways: it has a pointed tip, button groove and a sleek design of the nose. Triple Precision tip enables you to reach even into the most tricky areas, e.g. around the buttons or between the pleats.

## Large water tank

Less refilling with the extra-large 220 ml water tank so you can iron more clothes in one go.

## Calc clean slider

This steam iron can be operated with normal tap water and the calc clean slider makes it easy to remove any built-up scale out of your iron. To maintain the performance of your Philips steam iron, you should use this scale clean function once a month when using normal tap water.

## Power up to 2000 W

Power up to 2000 W enables constant high steam output.

## Temperature dial

Bigger temperature dial for easier temperature adjustment

## 100 g steam boost

Applying the steam boost will release a steam shot up to 100 g to remove even the toughest creases.

## Drip stop system

Drip Stop system lets you iron delicate fabrics at low temperatures without having to worry about stains from water droplets.

# Specifications

## Fast crease removal

Continuous steam: 25 g/min

Power: 2000 W
