Revive your delicate clothes with steam

Designed for easier storage

Compact yet powerful. The new Philips CompactTouch garment steamer is specially designed to combine powerful steam performance with a super compact design so that you can refresh your clothes without much hassle.

Quick crease removal

- Powerful continuous steam
- 3 steam levels

Easy to use

- Auto-clean function for longer lifetime
- Large water tank for longer use
- Easy garment hanger

Easy storage

- Integrated cover for easier storage

Refreshes clothes without washing or dry cleaning

- Removes cigarette, food and body odors
- Steam kills up to 99.9% of bacteria*

Highlights

Powerful continuous steam

Powerful continuous steam is blown through the nozzles, enabling you to remove creases with only a few strokes.

3 steam levels

Set your preferred steam level for optimal results on different kinds of garments.

Auto-clean

The Auto-clean function flushes the steamer to remove the calc particles and residues. This will extend the lifetime of your steamer.

Integrated storage

The compact integrated design with cover provides enough space to store all the parts including the power cord and the hose inside the base, protecting against dust and helps keeping your home neat and tidy.

Large water tank

600 ml large water tank creates enough steam for steaming up to 30 mins.

Easy garment hanger

Easy garment hanger accessory lets you hang your garments on a door while steaming.

Steam kills bacteria

Hot steam kills up to 99.9% of bacteria on clothes and helps delaying washing or dry cleaning*.

Removes unwanted odors

Powerful steam removes cigarette, food and body odors.
