8 Clever solutions for truly easy ironing

With unique ShoulderWing System

The ironing board plays an important role in the ironing experience. With the new Philips ironing board, we've thought about every detail to make your ironing truly easy. The unique board includes 8 clever solutions that solve all ironing hassles

Fast ironing

- Easy shirt ironing: unique ShoulderShape
- Smooth ironing without water drips on the floor
- Iron more in one go: XL board shape and XL iron tray
- Ideal for steam generators: XL iron tray

Convenient ironing

- 1 kg lighter*
- Ironing with 60% less noise*
- Clothes hanger

Safe ironing

- Designed for stability: transport lock and feet caps

Highlights

1 kg Lighter

The ironing board is now 1 kg lighter compared to the previous version for more convenient movement before your ironing session

XL iron tray

The stable and extra-large iron tray is perfect for steam generators. It is also heat resistant and can be safely used with steam irons.

AquaBlock anti-drip cover

AquaBlock is a unique technology that prevents condensed steam from dripping onto the floor, making this board cover the ideal ironing surface for steam generator irons.

Clothes hanger

No need to look for a place around you to hang your freshly ironed shirts. You can hang garments directly after ironing on the convenient hanging rail.

XL Board and XL Tray

Iron more in one go with the Philips XL board shape (120 x 45 cm). It is also ideal for ironing big items such as bed linen and tablecloths. The stable and extra-large iron tray is perfect for steam generators. It is also heat resistant and can be safely used with steam irons.

Unique ShoulderShape

With the unique ShoulderShape, shirt ironing is easier than ever. This innovative shape helps you to iron shirts with little rearranging, saving you time and effort.

Transport lock and feet caps

Transport lock prevents accidental collapsing of the board during ironing and also keeps the board closed during storage. The ironing board is supported by a double-leg construction with anti-slip feet caps that provides extra stability.

Ironing with 60% less noise

The ironing experience is more convenient with the ironing board cover that provides quieter ironing with a 60% noise reduction in sound power versus a multilayer board cover
