Fast and powerful performance

- 2400 W for quick heat up
- Steam output of up to 40 g/min for better crease removal
- 150 g steam boost to remove stubborn creases easily

Highlights

Drip-stop system

The Drip Stop system of your Philips steam iron lets you iron delicate fabrics at low temperatures without having to worry about stains from water droplets.

SteamGlide soleplate

SteamGlide soleplate is the best Philips soleplate for your steam iron. It has great scratch resistancy, glides excellent and is easy to clean.

2400 W for quick heat up

2400 W for quick heat up and powerful performance

Robust heelrest

This iron features a specially designed extra large heelrest, which gives extra stability when it is put in vertical position.

Safety auto off

The iron shuts off automatically when left unattended. If it is left on it's heelrest it will switch off in 8 minutes. When left on the soleplate or on the side, it only takes 30 seconds before the iron shuts off.

Steam up to 40 g/min

Continuous steam output of up to 40 g/min gives you the perfect amount of steam to efficiently remove all creases.

Steam boost up to 150 g

The iron's 150 g steam boost enables you to easily remove even the most stubborn creases.

Calc clean slider

This steam iron can be operated with normal tap water and the calc clean slider makes it easy to remove any built-up scale out of your iron. To maintain the performance of your Philips steam iron, you should use this scale clean function once a month when using normal tap water.
