- 2600W for fast iron heat up
- Steam boost up to 220 g to remove toughest creases

### Calc solution

- Built-In calc container collects calc during ironing
- Self-Clean for effective calc removal

**PHILIPS**

# Highlights

## Auto Steam Control

Auto Steam Control takes away your worry for selecting the amount of steam you need. Just select the temperature for the garments you're ironing and off you go.

## Optimal weight

The iron has the optimal weight to move easily over any garment, making ironing less of a hassle and easy to constantly place the iron on the board and back to its heel rest.

## Triple Precision Tip

The pointed tip on the Philips Azur Performer is very precise in 3 ways: it has a pointed tip, button groove and a sleek design of the nose. The Triple Precision tip enables you to reach

even into the most tricky areas, e.g. around the buttons or between the pleats.

## T-ionicGlide soleplate

T-ionicGlide is our best gliding and scratch-resistant, 5-star rated soleplate with integrated Titanium-Oxide layer.

## Steam up to 50 g/min

Continuous steam output of up to 50 g/min gives you the perfect amount of steam to efficiently remove all creases.

## 2600W for fast heat up

With the 2600W the Azur Performer Plus steam iron will heat up very fast and give a powerful performance to deliver superb ironing results.

## Steam boost up to 220 g

Steam boost up to 220 g to remove toughest creases

## Built-In calc container

Our specially designed and built-in calc container collects calc particles during ironing. The Self Clean process flushes the calc out of the iron to maintain consistent ironing performance day after day.

## Self-Clean

In addition to the built-in calc container, the self-clean function of your soleplate will remove the most stubborn calc. A clean soleplate will improve your steam performance and ironing results.
