Glides 3x easier on your garments*

For faster ironing

This Iconic Philips Classic dry iron comes with non-stick soleplate for good gliding performance on all fabrics. With its redesigned extra-stable heel rest, comfortable handle and slim tip, this quality iron makes ironing fast and easy

Easy & fast ironing

- Non-stick soleplate for easy and fast gliding on all fabrics
- Slim tip soleplate reaches easily in tricky areas
- Easy temperature control
- Temperature light indicates when the iron is ready

Comfortable ironing

- Comfortable handle with texturing for easy grip
- Light weight iron for effortless ironing
- CordFix cord winder system for easy cord storage
- Extra-stable heel rest for improved stability

Long lasting performance

- Tested design for maximum durability
- Long lasting cord for extended lifetime

Highlights

Non-stick soleplate

The soleplate of your Philips iron is coated with a special non-stick layer for good gliding performance on all fabrics.

Slim tip soleplate

The slim tip of the soleplate allows to reach easily in the most tricky areas, such as between the buttons, when making pleats and in the corners.

Easy temperature control

The large temperature control dial lets you easily adjust to the right ironing temperature for each kind of fabric, so you can achieve your desired results safely.

Temperature light-indicator

Temperature light goes on when the iron is heating up and goes off when the soleplate temperature has reached the set level.

Comfortable handle

The texturing on the handle of the iron ensures a comfortable and ergonomic grip, so that your hand fits well and does not slip during ironing.

Light weight

The light weight iron combined with the non-stick coating makes ironing greatly easy for fast wrinkle removal.

CordFix for easy storage

The cord can be wrapped around the heel rest below the CordFix indication, so that the appliance is easy to store.

Extra-stable heel rest

This iron features a specially designed extra-large heel rest, which gives extra stability when the iron is put in a vertical position.

Tested design for durability

This design has been tested under rigorous quality measures to provide long-lasting performance.

Long lasting cord

The quality long-lasting cord ensures long lifetime performance.
