Highlights

100% safe

100% safe on all fabrics even the most delicate like silk, cashmere, wool, polyester. Independent iron testing institutes have used PerfectCare on the most sensitive ironable garments and they confirmed excellent ironing results.

100% easy to use

100% easy to use, no adjustment required. You can now iron all ironable garments one after the other, without having to wait or to adjust the iron's temperature dial.

100% fast

100% fast to iron, no sorting required. Iron all your garments with more effective steam.

Tested and approved:

This iron is tested and approved by independent textile expert institutes, such as DWI, IWTO and Woolmark, for its excellent

ironing performance. The Woolmark Apparel Care programme helps consumers to identify quality laundry products that are approved by The Woolmark Company for use on wool products. Philips, with its exclusive OptimalTEMP technology, is so far the only brand to be certified with the Gold standard from Woolmark. You can be confident that Woolmark-approved apparel care products are ideal for any wool garments.

SteamGlide Soleplate

This specially designed soleplate combines superior ceramic coating for superior gliding on all fabrics and carefully designed vents for powerful crease removal.

2800 W for fast heat-up

2800 W max

2800 W iron for fast heat up and powerful performance on all your ironable garments.

Auto Steam Sensor

The innovative Auto Steam Sensor with motion detection activates the steam automatically when the iron is moved on the ironing board. This always gives you the right amount of

steam for effective crease removal, while reducing wasted steam. Great results and energy efficiency

Constant steam up to 65 g/min

Constant powerful steam up to 65 g/min for better crease removal for all your garments

Steam boost up to 200 g

The steam boost can be used for vertical steaming and tough creases.

OptimalTemp

One perfect setting for all your clothes. Always the perfect combination of steam and temperature because: 1) Advanced Smart Control Processor sets the perfect combination of steam and temperature 2) The ultra-powerful cyclonic steam chamber delivers powerful constant steam for all your fabrics
