

PHILIPS

Vacuum cleaner
with bag

Performer Active

2100W

AirflowMax technology

HEPA 10 washable filter

FC8659/02

Maximum suction power for better cleaning results*

With AirFlow Max technology and 4L dust capacity

The new Philips Performer Active delivers a better clean thanks to the Airflow Plus technology and the Powerful 2100W motor

Excellent cleaning results

- Revolutionary Airflow Max technology for extreme suction
- 4L dust capacity for longer cleaning
- 2100 Watt motor generates max. 425 suction power

Convenience

- Reach all corners thanks to the extra long ergonomic grip

Integrated Anti-Allergy system

- EPA AirSeal with EPA 10 filter for a healthy air
- S-bag Classic Long Performance lasts up to 50% longer

Smart cleaning kit

- 3-in-1 tool: crevice, small nozzle and small brush
- Crevice with small brush bends easily around corners
- Easy Reach Tool for cleaning inaccessible areas easily
- Long brush ideal for cleaning curtains

Highlights

Airflow Max technology

Airflow Max technology maximizes the airflow, allowing the dustbag to unfold uniformly, so you get the highest suction power, even as the bag fills-up!

4L dust capacity

The specially designed 4L dust chamber allows you to make optimal use of your dust bag, so you can clean for longer.

Extra long ergonomic grip

This ergonomically shaped grip is convenient in use. Its extra long design gives you farther reach, so you can easily clean hard to reach places.

EPA 10 AirSeal

EPA 10 Filter and AirSeal capture the finest dust before the air is blown out for a dust-free environment and clean, healthy air.

S-bag Classic Long Performance

This new Philips synthetic dust bag has been developed to provide long lasting vacuum cleaner performance, i.e. a high level of suction power and maximum filtration, up to the moment the dust bag is full and ready for disposal.

3-in-1 tool

A tool always at hand for cleaning furniture and small spaces.

Crevice with small brush

It is long enough to get really in to those dust and dirt-collecting spaces and bends easily around corners without blocking the airflow through the tool.

Easy Reach Tool

The unique shape of the Easy Reach Tool makes it easy to clean the inaccessible areas with no worries.

Long brush

Long brush ideal for cleaning curtains.

2100 Watt motor

2100 Watt motor generates max. 425 suction power for excellent cleaning results.

Specifications

Design

Color: Full Black

Performance

Input power (max): 2100 W

Input power (IEC): 1800 W

Suction power (max): 425 W

Vacuum (max): 34 kPa

Airflow (max): 47 l/s

Noise level (Lc IEC): 80 dB

Filtration

Dust capacity: 4 L

Exhaust filter: HEPA 10 Washable filter

Motor filter: Microfilter

Usability

Action radius: 9 m

Cord length: 6 m

Tube type: Metal 2-piece telescopic tube

Handgrip: Ergonomic grip with air slider

Carrying handle: Front

Tube coupling: Conical

Park or storage assist: Vertical and horizontal

Wheel type: Rubber

Nozzles and accessories

Standard nozzle: Multi-purpose nozzle

Accessories included: Crevice tool, Small nozzle, Smart cleaning kit

Sustainability

User manual: 100% recycled paper

Weight and dimensions

Weight of product: 5.2 kg

Dimensions of product (LxWxH):
447x304x234 mm
