- Ergonomic in day-by-day operations
- Easy cleaning thanks to removable brewing group

Ease of cleaning and maintaining

- Always a clean machine thanks to auto-clean and descaling

PHILIPS

Saeco, a Philips brand

 **Saeco**

Highlights

Coffe Customization

With Saeco you can always easily select the coffee length, intensity, temperature and strength you prefer. Your personal settings are memorized so you can enjoy your favourite coffee at the touch of a button.

Cup warmer

This feature allows you to not only store your espresso cups and glasses right on the espresso machine, it also pre-heats them letting the aroma unfold even better and guaranteeing a long-lasting crema

Ergonomy

Saeco is a synonym for convenience: refilling beans or water, emptying the coffee-dump box or the drip tray, all compartments are directly accessible.

Auto cleaning and descaling

Saeco designed this espresso machine to automatically clean its coffee circuit with water upon starting up or switching off of the machine, this delivers a great, fresh taste with each cup of coffee. Regular descaling prolongs your espresso machine's life. This machine will not only prompt when descaling is needed, the automated descaling process will start on your machine and guides you with clear on-screen messages when you have to intervene. Descaling has never been so easy!

Removable brewing group

The brewing group, a Saeco invention, is the heart of our espresso machines, ensuring automation. The brewing group is, depending on the model, easily accessible from the front or side. It can be removed effortlessly for easily cleaning by rinsing under the tap ensuring maximum hygiene.
