

Philips Air Humidifier

Breathe easier with the assistance of the Philips humidifier series 2000. NanoCloud evaporative technology spreads 99% less bacteria vs. leading ultrasonic humidifiers and prevents wet spots and white dust. Perfect for bedroom or nursery.

Our eco passport

Philips wants to make the world healthier and more sustainable. To make this a reality, we have to keep thinking differently; pushing the boundaries of what is currently believed possible. We continuously innovate and deliver products and technologies that are positive for people and the environment. At Philips we call this Green Innovation.

We know this is important to you too. So we have developed an eco passport which explains the environmental performance of our products in the Philips Green Focal Areas, developed through our eco design process since 1994, enabling you to make conscious, informed decisions. An eco passport will explain the Green Focal Areas considered and applied in the specific product.

Energy

- Power: level
 - HU4804: 20W
 - HU4805: 22W
- Sound level: 34dB (A) in silent mode
- Humidification Rate
 - HU4804: 225.5 ml/h
 - HU4805: 220 ml/h
- Annual energy consumption
 - HU4804: 90kWh/year*
 - HU4805: 99kWh/year*

Packaging

- Cardboard: minimal of 75% recycled content
- Plastic: minimal of 25% recycled content
