Powerful crease removal, easier storage With steam on demand and integrated storage

The new Philips CompactTouch garment steamer is specially designed to combine powerful steam performance with a super compact design so that you can enjoy crease-free clothes without much hassle.

Quick crease removal

- Steam on demand technology for total control and efficiency
- Powerful continuous steam

Easy to use

- Easy garment hanger
- Large water tank for longer use
- Permanent anti-calc solution inside

Maximum safety

- Glove for extra protection during steaming
- Safe to use on delicate fabrics, like silk

Easy storage

- Integrated cover for easier storage

Highlights

Powerful continuous steam

Powerful continuous steam is blown through the nozzles, enabling you to remove creases with only a few strokes.

Steam on demand technology

The steam is released only when the steam trigger is pressed giving you total control and helps using water efficiently.

Integrated storage

The compact integrated design with cover provides enough space to store all the parts including the power cord and the hose inside the base, protecting against dust and helps keeping your home neat and tidy.

Easy garment hanger

Easy garment hanger accessory lets you hang your garments on a door while steaming.

Large water tank

600 ml large water tank creates enough steam for steaming up to 30 mins.

Anti-calc solution

Permanent anti-calc solution delays the formation of scale build up ensuring better protection for your steamer.

Glove for extra protection

Included is a glove that protects your hand during steaming.

Safe on all garments

The steamer is safe to use on all fabrics. It is a great solution for delicate fabrics like silk.
