

PHILIPS

Vacuum cleaner
with bag

Performer Expert

5L

FC8723/08

Full performance

Less energy consumption

The new Philips Performer Expert delivers highest dust pick-up ratings* on all floors thanks to the AirflowMax technology and unique TriActive nozzle, engineered for highest dust pick-up. Great cleaning results, even as the bag fills up!

Outstanding cleaning results

- Revolutionary AirflowMax technology for extreme performance
- Energy efficient motor for high-power results
- TriActive nozzle with unique 3-in-1 action

Integrated Anti-Allergy system

- Allergy friendly quality tested by ECARF
- HEPA13 with HEPA AirSeal retains more than 99% of dust
- s-bag Ultra Long Performance captures even more fine dust

Ultimate convenience

- 5L dust capacity for longer cleaning
- SmartLock coupling to easily adjust to each cleaning task

Highlights

AirflowMax technology

AirflowMax technology maximizes the airflow, allowing the dustbag to unfold uniformly, so you get high performance, even as the bag fills-up!

High efficiency motor

The high efficiency motor has been optimized to use less energy in order to generate more airflow.

TriActive nozzle

The TriActive nozzle cleans your floor in 3 ways in one go: 1) A larger opening at the tip of the nozzle easily sucks up big bits. 2) It has maximum cleaning efficiency due to optimized airflow through the nozzle. 3) The two side brushes sweep up the dust and dirt closely alongside furniture and walls.

ECARF certified

This vacuum cleaner with HEPA 13 filtration is certified as Allergy friendly by the European Centre for Allergy Research Foundation. The HEPA 13 filter purifies the exhaust air up to 99,95% of allergens from; cat & dog hairs, dust mites or pollen to support an allergy friendly home environment.

HEPA13 Anti-allergy filtration

HEPA13 filter and AirSeal capture even the finest dust before the air is blown out for a dust-free environment and clean, allergen free air. The exhaust air is even cleaner than the air in the room.

s-bag Ultra Long Performance

Maintain high cleaning performance for longer, thanks to the XXL 5 liter s-bag Ultra Long Performance. Made of premium, multilayer, non-clogging material, the s-bag Ultra Long Performance guarantees excellent suction power and filtration, lasting up to 80% longer than the standard bag.

5L dust capacity

The specially designed 5L dust chamber allows you to make optimal use of your dust bag, so you can clean for longer.

SmartLock coupling

The unique Philips SmartLock coupling on nozzles and the telescopic tube easily connects, and disconnects, these parts during cleaning. The SmartLock coupling intuitively allows you to adjust the telescopic tube to your preferred height.

Philips Green Logo

Philips Green Products can reduce costs, energy consumption and CO2 emissions. How? They offer a significant environmental improvement in one or more of the Philips Green Focal Areas – Energy efficiency, Packaging, Hazardous substances, Weight, Recycling and disposal and Lifetime reliability.

Specifications

Performance

Sound power level: 78 dB
Input power (IEC): 650 W
Airflow (max): 30,2 l/s
Vacuum (max): 16,3 kPa

Design

Color: Full red

Filtration

Dust capacity: 5 L
Dust bag type: s-bag Ultra Long Performance
Exhaust filter: HEPA 13
Motor filter: Triple layer microfilter
HEPA Air Seal

Usability

Action radius: 11 m
Cord length: 8 m
Tube type: Metal 2-piece telescopic tube
Tube coupling: SmartLock
Carrying handle: Top and front
Dust full indicator

Nozzles and accessories

Standard nozzle: TriActive nozzle

Weight and dimensions

Weight of product: 5 kg
Dimensions of product (LxWxH): 500 x 310 x 300 mm

Sustainability

Packaging: > 90% recycled materials
User manual: 100% recycled paper
