Fresh juice at your convenience

- XXL feeding tube (80mm)
- Juice up to 3L in one go
- Powerful 1200W motor
- Quick and easy assembly of all parts
- More silent

Highlights

FiberBoost technology

FiberBoost technology enables you to choose the texture of juice you prefer, selecting with the switch of a button from a refreshing clear juice to a more creamy juice with up to 50% more fiber. The unique combination of smartly controlled constant speeds with unique sieve design allows more or less fiber in your juice, so that everyone can enjoy their favorite.

Powerful 1200W motor

Juice the toughest fruits and vegetables effortlessly with the strong 1200W motor.

Pulp in one place

Due to the round shape without nooks and crannies the leftovers is collected in the pulp container.

XXL feeding tube

Save time and start juicing faster. You no longer need to cut up most fruit and vegetables to fit this juice machine. Just pop it all into the 80mm XXL feeding tube, and enjoy a boost of nutrition every day.

Easy to clean sieve

Thanks to the polished sieve it is very easy to clean up away leftovers with a kitchen sponge.

Dripstop

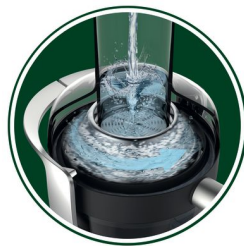

The integrated drip stop allows you to stop between juicer sessions keeping your counter top spotless. Activate the drip stop by simply turning the spout.

Juice up to 3L in one go

You can make up to 3L of juice in one go without needing to empty the pulp container.

Pre-clean

Philips' unique pre-clean function allows you to quickly rinse clean your juicer between different juices or after juicing. By pouring water into the pusher, you can create a water fountain rinsing away unwanted leftovers.

More silent

The new motor has a lower noise and vibration which make the overall juicing experience more silent.

Quick and easy assembly

The juicer has a thought through design, allowing you to assemble all parts in a quick and easy way.

IF DESIGN AWARD 2017

IF award-winning products and projects, concepts and more, selected by the top names in design. Each year, iF International Forum Design GmbH organizes one of the world's most celebrated and valued design competitions: the iF DESIGN AWARD. Recognized as a symbol of design excellence around the world, the iF DESIGN AWARD welcomes over 5,000 submissions from 70 countries every year.
