6 clever solutions for easy ironing

with ShoulderShape

Ironing board plays an important role in the ironing experience. This Philips ironing board is designed for steam irons. With 6 clever solutions, ironing will become easier and more efficient.

Fast ironing

- Smoother gliding with multi-layered board cover
- ShoulderShape for easy shirt ironing

Convenient ironing

- Convenient ironing for everyone: adjustable height

Safe ironing

- Designed for safety: child and transport lock
- Safe iron tray
- Extra stability: anti-slip feet caps

Highlights

Multi-layered board cover

The board cover is made of 100% cotton and is supported by foam and felt layers. This combination provides a comfortable and smooth ironing surface.

Adjustable height

The height of the ironing board is easy to adjust to your own height with a lever, located underneath the board surface. The height can be adjusted between 70 and 94 cm.

Child and transport lock

Child and transport lock prevents the board from accidentally collapsing while ironing and also keeps the board closed during storage.

Safe iron tray

The stable and safe iron tray is suitable for both left- and right-handed use

Stabilising feet caps

This ironing board was designed to provide extra stability. Special design of the legs with anti-slip feet caps makes the board stable and safe.

ShoulderShape

With the unique ShoulderShape, shirt ironing is easier than ever. This innovative shape helps you iron shirts with little rearranging, saving you time and effort.
